# Built for Your Cause

Does your current site feel outdated? Or is it just not meeting your needs?

Firespring's Springboard websites are built for nonprofits, by people who understand nonprofits.

## Affordable

Finding room in the budget is easier said than done. That's why we have low, one-time setup fees and manageable monthly rates—plus added discounts when you choose annual billing.

## Free and Unlimited Customer Support

Other site builders leave you to fend for yourself. Not Firespring. With Springboard, you'll have free and unlimited access to our human support team—not just for answering questions, but for training your staff to operate your brand new site.

## Purpose-Built Nonprofit Tools

From event planning to fundraising, landing pages, email marketing automation and everything in-between, our mission is to help you accomplish yours.

## Update in Minutes, Not Hours

Springboard sites feature an intuitive interface, plug-and-play updates, simple landing page creation and other features to make your job easier—so you can spend more time where it matters (on your mission).

The image shows three devices displaying nonprofit websites. On the left, a MacBook Pro displays the Blossom website, featuring a woman painting and a call to action to 'Give a little to make a big impact.' In the center, an iPhone displays the Harvest website, showing a man in a grocery store with a 'Donations Impact Lives' section. On the right, a desktop computer displays the Mentor website, with a 'Mission & History' section and a woman smiling.

Who We Are

**Mission & History**

We have been a vital part of our community for a number of years. We were

# Engaging and Functional, Right Out of the Box.

## Your Story, Amplified

Your story sets you apart. It inspires donors and energizes volunteers. Springboard sites are built to showcase that story, blending eye-catching layouts with space for photos, video and rich content.

## Striking Templates and Custom Designs

Choose from our purpose-built, high-performance templates, or partner with our design team for a custom site that matches your vision.

## ADA Accessible & Mobile Ready

Springboard is ADA-compliant out of the box and adapts flawlessly to every screen. This allows you to reach anyone, anywhere.
